

FIRESTONE

Adopt-A-Place

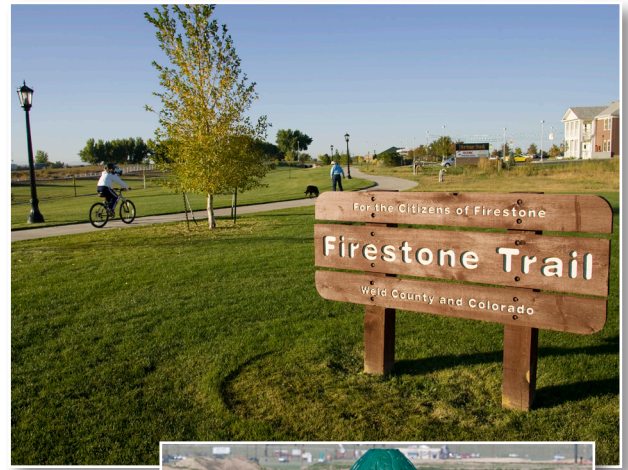

PROGRAM

Started in 2005, the Adopt-A-Place Program began when the Town of Firestone and its residents recognized the need to combat litter problems in the community. Throughout the years many local organizations, businesses and individuals have come together to help keep Firestone a beautiful community to live, work and enjoy.

By participating in the Adopt-A-Place program, community groups, businesses and individuals help the Town of Firestone reallocate funds, time and manpower to other much-needed programs and projects, including park construction, upgrading and maintenance, trail improvement projects and more.

Advantages of the Adopt-A-Place Program:

- Improve the attractiveness of the Town
- Reduce roadway, park and trail pollution
- Reduce water pollution
- Increase public awareness of environmental issues
- Reduce the cost of litter removal

How the Program Works:

Individuals, families, clubs, businesses, churches, schools, neighborhood associations and organizations can volunteer to adopt 1 mile or more of Town streets, 1 mile or more of trail or a community park. Volunteers will pledge to do four clean-ups a year.

As a Volunteer, You Will Receive:

- Organizational help
- Clean up supplies, including trash bags, gloves and safety vests
- Free hauling and disposal of garbage
- Certificate of recognition after one year of clean-up

How Do You Find a Street or Park?

The best way is to look out your window and see if the street, park or trail near your home or business is litter free. If you take regular walks, you may see a place that is begging for attention. Or, let the Town match you with a location from our list of available adoption areas.

Groups who do not wish to be recognized may remain anonymous.

For more information on how you can become a partner, contact:

Kristi Ritter, Communications & Community Outreach Coordinator,
